AR Scavenger Hunt

Haunting at the Library

Ghosts are haunting the Library! Can you help us? Hidden throughout the Library are six Kentucky ghosts. Find them and learn more about their stories!

This spooky scavenger hunt uses augmented reality (AR) technology. You will need the ghost hunting brochure available at the Library and a mobile device.

The brochure will instruct you how to use the free HaloAR app to find the hidden ghosts.

Content warning: each ghost tells of the story and death of a real person who lived in KY. While the stories are not excessively violent or gory, this activity may not be suitable for all patrons. Please use your own judgment.

Read Me a Story & Happy Holidays

Record a Story or Message for Family Members

The Library is proud to offer two special programs this fall: Read Me a Story and Happy Holidays.

In its third year, **Read Me a Story** is a special way for grandparents or other relatives to share a story with young children. We'll record you reading a story and give you a private link to view, share, or download the video. You can choose a holiday story or another special book. Whether you live far from family or right next door, gift your grandchildren a treasured video that they can keep and share for years to come!

Happy Holidays is a new offering for families with a relative deployed in the armed forces. We will record your message and give you a private link to download the video or share with your loved one.

Appointments are required to read a story or record a message and are available Oct 15 - Dec 10. To schedule an appointment, please contact Paula at paulaf@pspl.org or 502-352-2665 x111. Both services are free, and we'd love to be a part of recording these special memories for you and your family.
